Summer Schedule

During the summer at RPTS, no traditional Master level classes are held. Students can take independent studies with permission from a faculty member, and some week-long intensive courses are offered.

In 2015, the following one-week intensive courses are offered:

- May 26-30  SH44 Dynamics of Public Speaking with Dr. Calvin Troup
- June 2-5  PT72 Church Planting with Prof. Barry York

To register for these courses, contact Vicki Smith.

The Doctor of Ministry (DMin) program meets for two weeks each August in one-week intensive courses. The first full week of August, students in both the Pastoral Ministry and Counseling Ministry programs participate in a required course common to both concentrations. The second week of August, students attend a class specific to their concentration. (See the DMin Handbook for more information.)
